### New Website Alert

This website contains a category for content that was not categorised upon being created.

#### Launching Page

<https://theminnesotaassembly.land>

---

This is the **uncategorised category** area.

You may find content items there inside 'uncategorized' which will need to have the publishing data edited to relocate the content where it belongs in the topic tree displayed by category. If you feel confident you can figure out how to check this and put something in a better spot, go for it.

If there is ever any problem, please send a message to [the Systems People](#) such as Jim Homyak.

### Editing The Source Code

This next item is a screen shot of using the interactive code editor to prepare this webpage.
